This is it, the one Chanukah gift idea that is pre-made for you and will thrill your kids! (And for the win: it won't clutter your house!)

Print out this set of Chanukah coupons and get ready for a year's worth of bonding time with the special kid who receives this gift!

This set of coupons contains one coupon for each month of the year - so you're good to go until next Chanukah.

And if you know that an awesome kid in your life would appreciate something very specific (maybe the movie they've been waiting months to see is coming out soon, or the one store they love only has a sale once a year, or their favorite flavor of ice cream is only available seasonally), use the blank coupons to make personalized coupons, just for them.

And honestly, if you use the pre-printed ones for your kids, you could be sitting on a goldmine of blank coupons to use as a gift for your spouse...

# The Coupon Book: The easiest Chanukah gift ever!

## What is this?

The following pages are designed with pre-filled coupons that any kid would be thrilled to receive. There is also the option of using the blank pages of coupons to fill in with specific ideas/activities/treats that would be especially exciting to your specific child.

There are eleven coupons - ready to go - for one fun activity to be redeemed each month until next Chanukah.

## The How-To:

1. Print all the following pages on heavy white paper or cardstock.
2. Cut out each coupon.
3. If using, fill out the blank coupons. If not, just use the ones that are already filled out.
4. Personalize it! Decide how to present this gift - in an envelope, a paper bag, glued into a mini scrapbook or album, or hidden in a big wrapped box full of Chanukah gelt. So many ideas.
5. Be prepared to redeem the coupons, usually at the most unexpected and inconvenient time, but that's all part of the fun, right?
